

# This Never Happened

## Concert Tracking App

Anastasia Ignatova | WNM 617: Advanced Tech: Mobile Web  
Fall 2021

This Never Happened app helps music lovers keep track of the concerts they've gone to. Often times after going to more than a dozen of shows, it becomes difficult to answer the questions what, where, when. This is where TNH saves the day by allowing users record dates, times, venues and special notes about each show.
